Terre Haute, IN 47802

Support for ISO 14229 and ISO 14230

Release date: February 1, 2012

February 1, 2012, Terre Haute, IN – Simma Software, Inc. announced today the release of two new software packages: real-time protocol stacks for ISO 14229 and ISO 14230. With these releases Simma Software supports Unified Diagnostic Services ([ISO 14229](#)) and Keyword Protocol 2000 ([ISO 14230](#)) for more than 40 different microcontrollers.

“With this support customers can be up and running in less than a day with UDS and KWP2000 enabled systems”, said JR Simma, President of Simma Software.
